**Mayor Tells Sorooptimists About 'All-America City'**

At the regular luncheon meeting of the Torrance-Gardena Sorooptimist club last Monday Mayor Albert Isen was the guest speaker. He was presented by Frances Dimitri, program chairman following the opening of the meeting by Margaret Neff, president.  
 Mayor Isen, whose topic was "Torrance—The All-America City" pointed out that of the 11 cities receiving this award only three, Torrance, St. Louis and Tacoma will receive a write up in "Look Magazine."  
 This award was received for the excellent citizen growth of Torrance and the way this City, with its Council and City Manager form of government, has kept pace with the 600% increase in population since the City Manager system was installed.  
 Mr. Isen informed the members and guests that the National Municipal League was formed in 1894 for the improvement of city government and a few years ago with the cooperation of Look Magazine, it was decided to give an award to 11 top cities, similar to the recognition given to the All-American Football 11. The size or location was not to be important, the award would be on merits only.

Mr. Isen, believing that Torrance had an excellent chance to win, wired for an entry blank. Donald Mansfield and George Powell went to work on this project and with much help, including the letters written by the school children of Torrance, this city was one of the 22 selected from 160 entries. Mr. Isen had only 10 minutes to speak to the jury of 12 judges in Memphis and he told of several amusing incidents that had happened while at the convention, which was attended by 2000 people. He then read the speech as he had given it in Memphis.  
 Guests present were Durfee Parkins, Gertrude Schwartz and Sarah Evans.  
 The next regular meeting will be Jan. 28 at 7:30 at the home of Frances Dimitri. This will be a pot-luck.
